# WILD PRAIRIE CAT

BIOLOGICALLY APPROPRIATE for ALL BREEDS AND LIFESTAGES

4 REGIONAL PROTEIN INGREDIENTS  
 DELIVERED FRESH | NEVER FROZEN | NO PRESERVATIVES

- Free of antibiotics or added hormones, our free-run chicken is grain-fed on local prairie farms and passed as fit for human consumption before arriving at our door fresh—never frozen and with no preservatives.
- Caught wild from the icy depths of our northern lakes, Lake Whitefish is a member of the salmon family and contains more omega-3 fatty acids than pink salmon and three times more than any trout.
- Native to Western Canada, Northern Walleye is caught-wild from the cold northern lakes of Alberta and Saskatchewan and delivered fresh. Noted for its lean, nutrient-rich flesh, Walleye is an excellent source of easily-digested protein.
- The perfect protein, our Canada Grade A eggs are delivered to us fresh (never frozen, no preservatives) from Alberta's Prairie Farms.

## WILD PRAIRIE for CATS - GRAIN-FREE

Evolved as carnivores, Mother Nature adapted cats to thrive on a diet rich and varied in animal proteins and fats—not carbohydrates and grains.

That's why grain-free ACANA WILD PRAIRIE features a diversity of regional ingredients including free-run chicken, whole eggs, wild-caught Whitefish and Walleye—all delivered FRESH, never frozen and without preservatives.

High-protein and low-carbohydrate, ACANA is loaded with premium meat ingredients (65%) to promote peak conditioning in cats of all breeds.

ACANA WILD PRAIRIE IS FORMULATED TO MEET NUTRITIONAL LEVELS ESTABLISHED BY THE AAFCO CAT FOOD NUTRIENT PROFILES FOR ALL LIFE STAGES

## PRODUCT FEATURES

- REGIONAL INGREDIENTS, DELIVERED FRESH**  
Free-run chicken, wild-caught fish & whole eggs are delivered fresh, never-frozen and with no preservatives.
- OMEGA-3 from WILD-CAUGHT LOCAL FISH**  
Infused with marine source of omega-3 (DHA, EPA) to promote luxurious skin and coat conditioning.
- HIGH-PROTEIN from PREMIUM ANIMAL INGREDIENTS**  
High in premium animal ingredients for a rich and diverse source of nourishing proteins to match the natural diet of cats.
- GRAIN-FREE and LOWER CARBOHYDRATES**  
Grain-free and carbohydrates reduced to mirror the natural diet and promote peak health.
- NATURALLY pH BALANCED**  
Grain-free formula with fruits and vegetables to produce mildly acidic urine - an important factor in feline urinary health.

## FEEDING GUIDELINES

Each cat is different and feeding amounts will vary. Use this chart as a guide and adjust amounts accordingly. Maintaining proper body weight contributes to longevity—a healthy cat is lean and athletic. Feed 2 twice daily and provide fresh clean water at all times.

GR/CUP 24HR	GRAMS/CUPS* per DAY					*ONE CUP = 120GR
	AGE IN MONTHS				ADULT	
	1½ - 4 mo.	5 - 8 mo.	9 - 10 mo.	11 - 12 mo.		
1 kg / 2 lbs	55 g - 1/3 c	30 g - ¼ c	20 g - ¼ c	20 g - ¼ c	20 g - 1/4 c	
2 kg / 5 lbs	110 g - ¾ c	60 g - ½ c	60 g - ½ c	55 g - ½ c	50 g - 1/3 c
